The best way for students at any age to learn is to play — as author Diane Ackerman says, “Play is our brain’s favorite way of learning.” In month-long workshops held Thursday evenings at 6 pm, students ages 4-17 will have the opportunity to play and create stories together. In the final session, parents and friends are invited to enjoy the improv show created by the students.

Prices:

\$35 for four-week workshop

\$9 for individual classes

- students are encouraged to buy the entire workshop series so they can participate in the final show! Intermediate Improv is only available as month-long workshop

About the Class

These lively 4-session workshops get students ages 4-17 on their feet working on characters, improvisation and acting through a variety of fun games and improv exercises. The goal is to master short form games as well as work towards the Harold format: a form developed by world-renowned improvisers Del Close and Charna Halpern. Students are also encouraged to read *Truth in Comedy: The Manual for Improvisation*. By the end of the workshop, students will be pros at improvising a scene with all the basics of storytelling — characters, setting, plot, and dialogue. Let’s get creating!
